

With less travel and faster decision making, audio conferencing can offer businesses a way to respond to day-to-day challenges quickly and effectively, ultimately helping to increase productivity and gain competitive advantage.

Indigo Forward's **gocall** is a great way to bring members of the sales, finance, human resources and IT teams, or any other 'virtual' team together quickly and easily.

Why gocall?

An instant conferencing service that only requires access to a phone to enable highly productive meetings. No advanced booking is required and conferences can be established in the time that it takes for participants to dial in. The service is easy to use and is available 24 hours a day, 365 days a year.

gocall

Lead and participate in your conference calls without the assistance of an operator.

- **gocall Automated** – conduct a self service conference call 24/7, without making a prior reservation
- **gocall Booked** – reserve a self service conference call and receive a one-time gocall passcode for enhanced security

goconnect

Conduct your conference call with an experienced Meeting Manager.

- **Event Manager** – combines the benefits and features of a traditional operator assisted audio conference with the speed and convenience of an automated conference with advanced registration
- **Conference Manager** – take advantage of a Meeting Manager for continuous operator support throughout your most important conferencing events
- **Express Join** – with Express Join, you can enjoy all the benefits of an attended call without experiencing the bottleneck of having all participants speak to an operator

Benefits

With the right combination of features and enhancements you can:

- **Confirm conference details with all scheduled participants** – use event management services to assure attendance
- **Record and archive your meeting** – replay the event to reinforce your next steps, to share with a colleague or to publish the event for others to view
- **Get customised, detailed reports and billing** – track usage and participation while managing costs
- **Tap into web-based meeting tools** – integrate Microsoft® Office Live Meeting, the Cisco WebEx™ suite of services, or IBM® Lotus® Sametime® Unyte™ Meeting
- **Personalise your greeting** – incorporate your company's name into the automated welcome message

gocall global access

International Freephone & Local Toll Numbers

Give your international callers the convenience and cost savings of local or regional toll and toll-free or Freephone number calling.

Features & benefits

- The Global "800" service is a companion to **gocall** – your simplest access to world-class audio conferencing
- Quickly orchestrate scheduled or impromptu meetings wherever you are; work, home, or on your mobile to engage a group of employees, customers, partners and suppliers around the world without the cost of long distance charges
- Whether your business takes you to Europe, North America, Asia-Pacific or Latin America, all meeting participants simply dial a local or regional toll-free/freephone number, to connect to your audio conference line
- You can also leverage the **gocall** global access service to cut down on your T&E expenditures, such as plane tickets, hotel rooms and meals, while proactively reducing your organisation's carbon footprint
- Competitive rates include all bridging and toll-free/freephone access charges
- Globally standardised, **gocall** offers all users access to the same features and online tools, wherever they are calling from
- Available 24/7, using touch-tone commands while conferencing or by dialling a local toll, toll-free/freephone customer care number

Please visit our website for a list of countries where **gocall** global access is available.

“By using Indigo Forward’s audio and web conferencing service we have seen increased productivity within our workforce which brings us many business benefits.”
